

Intelligent Air Purifier

- 2.5 PM Removal • Aroma Diffuser
- Bacteria Removal • Odour Sensor

Model No. : OMC-AM-007-2

Use and Care Instructions

Disclaimer: Pictorial representation shown may vary from the actual product.

Congratulations!!!! You are now a proud owner of
amara  brand of Intelligent Air Purifier.

This model is strongly recommended for use in a car. However, you may also use the same in smaller rooms along with a 12V adapter.[not provided in this packing]

How to use the air purifier in a small room of 15-20 m²/ car?

1. Plug DC12V power adaptor into the car charger outlet (as shown in Point 7, Page 3) to start the appliance. (This is not provided along with the product)

2. The air sensor takes two minutes to start. The light in the round button will turn red/blue/green on the basis of air quality.

Indicator Type	Meaning
Red	Poor Air Quality
Blue	Moderate Air Quality
Green	Good Air Quality

3. When the fan starts, the refreshing energizer releases negative ions & the activated carbon filter and HEPA filter removes dust from the air. As a result, the air quality of surrounding space improves.

Set up Instructions

Plug the power adaptor into the power outlet to start the appliance. The sensor will take two minutes to start, after which the LED light will glow.

Safety Instructions

*If smoke comes out of the appliance, unplug it immediately to avoid any accident. Contact the Service Centre for assistance.

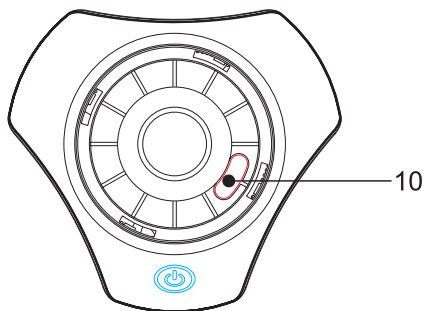

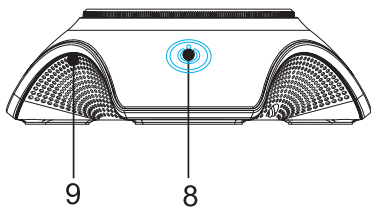

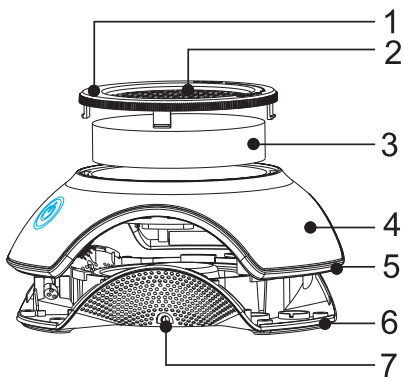

*If the appliance sprays water, unplug it. Then place it in a dry spot with good ventilation. Do not heat the appliance to dry it.

*To reduce the risk of electric shock, make sure that the refreshing energizer should not come in contact with any metallic material.

*Keep the appliance unplugged, when it is not being used for an extended period of time.

Dealer's Signature & Stamp

Terms & conditions apply: The contents of this manual are subject to change as per modification in products without prior notice. All rights reserved. Warranty is not applicable on filters.

WARRANTY

Please preserve this warranty document & ensure that it is duly stamped & signed by the dealer. In any case you will need to keep the copy of invoice for claiming warranty support.

The product is covered under one year of warranty from the invoice date as per the terms and conditions listed below.

TERMS & CONDITIONS OF THE WARRANTY

Air Purifier is warranted against any defects arising out of faulty or defective materials or workmanship for a period of one year from the date of purchase.

The company's responsibility under this warranty is limited to replacing the defective unit at company's discretion at no cost, except in the following events

- The appliance is not used according to the instructions given in the 'Instruction Manual'
- The appliance is opened or tampered by anybody except the company's authorized dealer or technician

Note:

1) If a defect develops in the appliance during the warranty period, it should be delivered at the purchaser's cost to the authorized service centre from whom it has been purchased along with a copy of purchase invoice.

The warranty, however, does not cover:

- Breakage or damage of HEPA filter, pre-filter, activated carbon filter, plug and components made up of ABS or similar plastic material due to following reasons
- Damages resulting from misuse, accident or negligence on the part of the customer. Liability for consequential loss or damage is neither accepted nor implied. To avail of the warranty, kindly ensure that you have kept the copy of the invoice carefully.

2) Warranty does not cover filters & consumables.
